SCROFULA
Is that inquiry of the blood which produces unsightly lumps or swellings in the neck, which cause itching sores on the arms, legs, or feet which develop often in the eyes, ears, or nose after eating food of a toxic character, while the mind and soul are suffering from growths or tumors? Which is caused upon the lungs, cause consumption and death? Is the most insidious of all diseases, and very dangerous to humanity, free from it.

How Can It Be CURED
The famous Hove's Sarsaparilla, which, by the true, healthy, and honest use of it, has proved a cure for the most obstinate and painful malady for a century. It is made from genuine, true Hove's Sarsaparilla.

"Every spring, winter, and autumn, I have been troubled with sores, the first being three years old, and a terrible sufferer. Last spring, by S. S. Hove's Sarsaparilla, I was restored. Would that Hove's Sarsaparilla, and all have been made of the remedy. My little boy is now free from these troubles, and all four of my children are happy and healthy."
W. A. HANNEY'S Sarsaparilla.

Hove's Sarsaparilla

This Has No Uncertain Sound.

What Occurs in the Brain Must Be Important for People to Know.

"It is, indeed, a wonderful discovery."

The words were spoken by one of our leading

physiologists, and his comments carried conviction

to the crowd of pathologists.

"You see," he continued, "this is an age of in-

vestigation. Public demand requires that a remedy

for the sick should stand upon well-established

merit, and I will here say that there is one remedy

which, more than any other, is tested and investigated,

because of greater scientific value in curing the

sick, and that remedy is Dr. Green's Nervine.

"Yes, we will see an enormous quantity of Dr.

Green's Nervine," he replied in answer to a

question, "indeed, in all my experience as a

physician, I have never known so popular a remedy

among the people. Its success as a perfect nerve

remedy has been so great, and the demand for it

so widespread, that the proprietors of blood tonic

drugs, kidney pills, and even some of the

greatest of the world, in the advertisement of their

preparations, that they are also nerve tonics,

in honor of getting some of the extraordinary

results of Green's Nervine. Hundreds of instances

of nervous debility have also been brought to

the public, but none have served more than a

few months and the system now will lay nothing

but Dr. Green's Nervine for nervous after-

effects.

"It is the most powerful nerve medicine in the

world, and no one should fail to use it. It is the

best of the world, it is the best of the world, it is
